

WELCOME TO A GREENER STAY

Join us in saving water and energy for a sustainable future

Water Saving Tips

Reuse Towels & Linen:

Hang towels if you'll reuse them. Request linen changes only when necessary.

Turn Of Tap:

Close taps while brushing your teeth or shaving.

Shorten Showers:

A shorter shower it's a powerful way to protect our planet's most valuable resource.

Turn of When Not in Use:

Switch of lights, TV, and air conditioning when leaving the room.

Set Comfortable Temperature:

Keep the temperature at 22-24 °C in summer and 18-21 °C in winter

Energy Saving Tips

Use Natural Light:

Take advantage of daylight by keeping curtains open to minimise the need for artificial lighting.

“THANK YOU FOR HELPING US MAKE A DIFFERENCE”

Enjoy your stay while contributing to a sustainable future
